Welcome to  
**Citizen Access**

## Welcome To VC Citizen Access!

The County of Ventura is pleased to offer the public online access to the land use permitting process. VC Citizen Access is a web-based program that displays real-time data stored in the County's land use database, Accela Automation, which is an internal system used by County staff to track land use permits for properties located in the unincorporated areas of the County.

Using VC Citizen Access, members of the public can search and review permit information, and permit applicants and property owners can upload and download documents, look up processing statuses, and pay for permit fees online using a credit card.

To access VC Citizen Access, click on the "[GO TO CITIZEN ACCESS NOW](#)" hyperlink in the navigation bar at the top of this page.

To assist you in navigating the system, the following resources are available:

- **FAQ Pages:** Click on the Help Menu option to access any of the FAQ pages, which contain instructions on how to execute various functions in the system.
- **Department Contact Information:** Click on Contacts Menu option.  
This section contains a list of the participating County departments and hyperlinks to their websites, as well as their public counter location and hours.

If you have any questions regarding the information displayed in VC Citizen Access, please contact the appropriate County department.

- **Technical Assistance:** For technical assistance, click on the "[TECHNICAL SUPPORT](#)" Menu option.
